

Thank you to the Midway and Shamrock Ambulance Care STAFF for donation of a \$2500 Automatic External Defibrillator.

"On June 13, 2016 Rose Valley & District Fire Chief Dale Whitford was grateful to accept the donation of a ZOLL AED Plus from Tianna Langelotz, ACP.

The AED was won by the staff of Midway & Shamrock Ambulance Care during the 2015 ZOLL CPR Challenge which involves members doing CPR for 2 minutes, both with and without, a piece of ZOLL equipment which determines the quality of CPR (rate and depth). The staff came in first place in Saskatchewan with just over 97% in quality of CPR performed.

The Midway & Shamrock Ambulance Care staff made an unanimous decision to donate the AED, which is valued at \$2500, to the Rose Valley & District Volunteer Fire Department to assist the Department returning to full operational status."
